

AGILE AND SCRUM FOR TEAMS

TRAINING WORKSHOP

COURSE SUMMARY

The Agile and Scrum training for teams is designed as a hands-on training workshop delivered to entire teams at the same time, including the Product Owner and the Scrum Master. The benefits of this training approach is that it accelerates team development, the team benefits by using their actual sprint work in the course exercises, and the team can share their specific challenges and make decisions on improvements. There is also a significant team-building benefit of this training approach which accelerates team development.

WHO SHOULD ATTEND

This course is optimized for new Scrum teams including the developers, architects, testers, Scrum Masters and Product Owners. Key team stakeholders such as managers and subject matter experts are also welcome to attend.
