

COURSE SUMMARY

The **Professional Agile Leadership (PAL) Essentials** is a 2-day hands-on workshop that uses a combination of instruction and hands-on exercises to help managers and other leaders who work directly with agile teams understand how to best support, guide, and coach their teams to improve their agile capabilities. The workshop provides a foundation for the role that leaders play in creating the conditions for a successful agile transformation.

WHO SHOULD ATTEND

The course is designed for managers and those in leadership roles who are responsible for the introduction and establishment of Agile methods and techniques to grow their organization's ability to respond to market opportunities, competitive pressures and opportunities for innovation.

COURSE OUTLINE

- Introduction, Theory and Principles
- Why Agile Matters
- Developing People
- Measuring Agility
- Leaders Grow Agility
- Agile Leadership Challenges

KEY LEARNING OUTCOMES:

Following this training, participants will be able to:

- Understand how being agile adds value to their business and why their support is essential to the team's success.
- Understand core problems in IT Product and Software Development
- Receive professional introduction to Agile techniques and ways to lead Agile teams.
- Effectively understand the role that management plays in Agile change of an organization.

ASSESSMENT & CERTIFICATION

- Up to 25 people may attend the training
- The Professional Agile Leadership Essentials workshop prepares attendees for Scrum.org's **Professional Agile Leadership Essentials (PAL-E)** certification.
- This industry recognized certification requires a minimum passing score on their associated assessments (not included in this course)
- Scrum.org maintains a public list of everyone holding the PAL-E credentials.
