

PROFESSIONAL SCRUM MASTER (PSM) TRAINING COURSE

COURSE SUMMARY

The **Professional Scrum Master (PSM)** training is a 15-hour course that covers the principles and empirical process theory of Scrum and agility, the Scrum framework itself, and the specific role of the Scrum Master. The PSM class introduces the principles and empirical process theory underpinning the Scrum framework. These are foundational insights upon which the rules and roles of Scrum are explored and discussed. The focus on the Scrum Master role includes advanced thinking tools for servant-leadership and behavioral shifts, working with people and teams, coaching and facilitation, and scaling Scrum.
